

# Landscape Development Checklist Addendum November 2008.

The Hampshire Local Government Landscape Group published the 'Landscape Development Checklist' in 2006. The document serves to advise developers of their obligations in relation to landscape related matters in planning applications. The new edition of MASS (Movement and Access in Spaces and Streets) to be known as the 'Hampshire Companion Guide to Manual for Streets' will include reference to the Checklist and it was felt a number of aspects needed to be updated by HLGLG members. These changes appear here as an addendum and it is envisaged that when the time comes to review the Checklist they will be incorporated into the document. The addendum format makes the changes easy to identify and allows hard copy inserts to be added to the existing printed Checklists.

**Page 3. Guidance Notes, at bullet point 3, the following to be added:**

**" and appropriately qualified arboricultural consultants for BS 5837 surveys, implications assessments, method statements and recommended arboricultural works.,  
<http://www.trees.org.uk/index.php>"**

**Page 6. Site Survey. Bullet point 5. delete "Statement" and replace with "Assessment"; delete "or" , and add "method statements, recommended arboricultural works before " and measured tree survey".**

**Page 6. The tree condition survey plan, in the top right corner of page is to be amended so that colours comply with colours used in the guidance; Category C should be grey; Category R (not on drawing) should be dark red and indicates for removal.**

**Page 11. third bullet point. add the words "laboratory analysis results", before the word "depth" in the brackets.**

**Page 11. Add "Detailed planting proposals. tree pit specifications, including sizes and any barriers/root trainers, soils/native soils, drainage/ watering points information will be required. "**

**Page 12, add in third bullet point "'Tree pit surround construction details (in plan and section)."**

**The New Forest Park Authority is to be added to the list of contributors on the front cover and on page 14.**

**Page 13. add caption "Hedgelaying" under last image on bottom right.**
